

JASPER COURIER.

THE CINCINNATI TYPE FOUNDRY CO., corner of Vine and Longworth streets, are our agents in Cincinnati.

JACOB HARMAN, Esq., is our agent for this county.

To Contributors.

As our design is to make our paper one that will be of interest to all engaged in the different departments of active industry in every part of the county, we respectfully solicit the co-operation of our intelligent citizens throughout its limits. And being especially desirous of promoting the farming interests of Dubois, items in any department of agriculture are particularly solicited. Please send us all the news, incidents, general information, and mineral discoveries in your respective neighborhoods.

AN OFFER.

Any person sending us five new subscribers, and the money, will receive a copy of the Courier for one year, as a present.

Job Printing.

We are prepared to give prompt attention to all kinds of Job or Book printing. Any description of blanks, receipts, bill heads, store, stallion or jack bills can be forthcoming on the shortest notice, in the most approved style, and on reasonable terms.

GRATIS NOTICES.—We publish notices of marriages, deaths, &c., gratis, and would like to record all which occur in the county. Ministers, or others, who officiate on such occasions, will confer a favor by sending us a notice immediately.

SCHOOL HOUSES.—We are informed that the timber is on the ground for the two school houses to be built for Bainbridge township on the land donated to the township for this purpose by Messrs. Wm. Mahin and Ashbury Alexander. These gentlemen, with praiseworthy liberality, have given most excellent sites for this purpose. Mr. Mahin's being half an acre on the western end of his fine farm on the Petersburgh road, and Mr. Alexander giving an acre of fine woods land just opposite the Shiloh church. Mr. Monroe has the contract for building the Shiloh house, and we are told has the frame up. Mr. Mahin has the contract for the other, which is not so far forward a stage, but both will be completed in good season.

FAST HORSES.—We notice some of our exchanges are boasting of the fast time made by favorite horses at different County Fairs. Jasper, without the aid of a Fair, or a race track, can stimulate the training of fast nags, can boast of one that can throw dust in the eyes of many of the crack ones. Pilgrim, belonging to Dr. Welman, of this town, trotted a mile in 2:55 the other day, on a common dirt road. Is there another horse in the county will beat him?

THANKSGIVING.—In another column will be found the Proclamation of Gov. Willard, appointing Thursday, the 24th of this month, as a day of thanksgiving and prayer. This day has been selected for this purpose in a majority of the States of the Union, and we hope it will be generally observed by our citizens.

Religious Services.—We are requested to notice that there will be preaching at the Protestant Church in Jasper, on to-morrow night, at candle lighting, by Rev. Mr. Lester, the new Methodist Minister for this circuit. Turn out, friends, and give the preacher a cordial welcome.

Attention is directed to the advertisement in to-day's paper of "Good Property for Sale." It is situated in one of the most pleasant parts of the town.

It is thought the re-survey of the town will be completed this week.

Fire.—The woods, in a great many places throughout this county, are on fire, and have been for the last two weeks, and a good deal of damage has resulted. Around Celestine, we are informed, a number of fences have been burned. In the Ireland settlement, last week, the devouring element swept over a corn field of Milton Holder's, completely destroying about five acres of corn in shock, and being kept from his barn only by the hardest exertion.

By some accident the kitchen of Mr. Peter Harris also caught fire, and was burned up.

The agricultural department of the Patent Office will have one hundred thousand vigorous tea plants ready for gratuitous distribution within three or four months. It is expected that American grown tea will enter the market within five years.

The author was a French Physician of great attainments, who spent many years in investigating the nature and treatment of this disease, which annually carries thousands to an untimely grave. Blood Purifier and Blood Pills.

DR. ROBACK'S SCANDINAVIAN REMEDIES.

When Dr. Roback, the Swedish Physician, introduced his Blood Purifier & Blood Pills in the United States, he set forth in plain language their curative properties. This was years ago. The task of recommending them has since been taken out of his hands. Enlightened men whose character for sound judgment and philosophy, gives their opinions weight in the community, men who observe, reflect, and make "assurance doubly sure" before they decide—are everywhere approving and urging the use of these wonderful preparations. All who confide in the wisdom and honesty of this class, who choose to investigate for themselves are now of one mind on this important subject.

Dr. Roback invites the attention of the sick to the

ORIGINAL LETTERS.
from members of the Medical Profession Editors of public journals, well known merchants and farmers, and Ladies of the highest respectability, giving accounts of extraordinary cures wrought by the remedies, of which cures they themselves were

EYE-WITNESSES.
These parties may be consulted personally or by letter, by those who have any doubt upon the subject. The evidence in the possession of Dr. Roback, which is at all times accessible to the public, establishes the following

FACTS:
That the BLOOD PURIFIER and Blood PILLS have been proved by analysis to CONTAIN NO MINERAL;
That they cure the almost universal complaint,

DYSPEPSIA
with unerring certainty, and in a very short time. That after all other medicines have proved useless, they relieve.

LIVER COMPLAINT,
and restore the health and strength of the sufferer. That

SICK FEMALES,
who have languished for years in helpless weakness and despondency, recuperate great rapidly under their invigorating operation. That all sexual disabilities are improved by their cordial and stimulating properties.—That they recruit.

SHATTERED CONSTITUTIONS,
however they may have been trifled with and abused; their tendency is to lengthen life, and render it enjoyable. That operating directly upon the "poison" of disease in the blood, they

CAUSE SOON TO HEAL,
and discharge from the system, every taint of Scrofula, whether hereditary or other wise. They

RECRUIT THE DEBILITATED,
and that there is no disease of the stomach and bowels, the liver, the nervous system, the skin, glands or muscles, in which they do not give prompt relief, and, if administered before the very citadel of life has been invaded, effect a painless and perfect cure.

Bear in mind that the Scandinavian vegetable BLOOD PILLS are endorsed by the experience of thousands of living witnesses, who, in letters, affidavits, medical works and by word of mouth, proclaim them to be the very best preparation of the kind ever of ferred to the broken-down victims of ill-health, they hunt disease through every avenue and organ of the system, and to expel it thoroughly and permanently.

No one can doubt their superiority after one single trial—they are not only better but, in fact, cheaper than any other Pills for it takes less a number of them to produce a better effect.

Price of the Scandinavian Vegetable Blood Purifier, \$1 per bottle, or \$5 per half dozen. Of the Scandinavian Vegetable Blood Pills 25 per cent per box or 5 boxes for \$1 00.

Read Doctor Roback's Special Notices and Certificates, published in a conspicuous part of the Paper from time to time.

Doctor Roback's Medical Almanac and Adviser, containing a great variety of interesting Family and valuable Medical information, can be had gratis of any of his Agents throughout the country.

In difficult or complicated Cases, Doctor Roback may be consulted personally or by letter enclosing one stamp for the reply.

From Rev. Mr. McMullen, Pastor of Roberts Chapel

INDIANAPOLIS, October 6, 1857.
Doctor C. W. ROBACK—Dear Sir: I have used your Blood Purifier for a nervous affection, from which I have suffered much at times. While it is pleasant to the taste, it certainly has a happy effect upon the nerves. Please accept my thanks for your kind regards, and believe me yours,

J. W. T. McMULLEN.
